Our History

The Capitol Theatre was originally designed by B. Marcus Priteca and opened on April 5th, 1920, as the Mercy Theatre, named after its owner, Frederick Mercy Sr. At the time of its construction, the Capitol Theatre was heralded as the largest theatre in the Pacific Northwest, and featured motion pictures, vaudeville acts, and touring road shows. In 1972 ownership of the Capitol Theatre was transferred to the City of Yakima, and the building was successfully placed on the National Register of Historic Places on April 3rd, 1973.

Shortly thereafter, on August 11th, 1975, much of the Capitol burned to the ground in a tragic fire, leaving little more than a smoldering facade. Undaunted by the disaster, the newly formed nonprofit, the Capitol Theatre Committee led fundraising efforts to restore the theatre. The Capitol was painstakingly renovated to its former glory and a basement with restrooms was added to further expand its use. The Capitol Theatre held its grand re-opening ceremony on November 4th, 1978 (just 733 days after the fire), which featured a sold-out performance by Bob Hope.

The Capitol Theater underwent further expansion on April 15th, 2011, when the Production Center, loading dock facilities, and the 4th Street Black Box Theatre were added on to the back of the building, filling in what used to be a gravel parking lot. This expansion gave the Capitol Theatre much needed room to facilitate modern Broadway Touring Shows as well as the ability to host Pre-Tour Techs, allowing for Yakima audiences to receive world first exclusive programing.

Today, the Capitol Theatre Committee programs, manages, and maintains the city owned Capitol and 4th Street Theatres. The mission of the Capitol Theatre Committee is to curate dynamic programming, foster community access, and perpetuate the Theatre's historical and cultural legacy; with a vision of 365 days a year of cultural expression.

Directions and Parking

Directions to the Capitol Theater Main Entrance

On I-82 Highway, take the Yakima Ave/Terrace Heights exit (Exit 33B when coming from the North, Exit 33 when coming from the South). Head west on Yakima Ave, towards the city center. In ¾ of a mile turn left (South) onto S 3rd Street. The Capitol Theatre is in the middle of the block on the left (East).

Directions to the Loading Dock and Stage Door

On I-82 Highway, take the Yakima Ave/Terrace Heights exit (Exit 33B when coming from the North, Exit 33 when coming from the South). Head west on Yakima Ave, towards the city center. In ¾ of a mile turn left (South) onto S 4th Street. The Capitol Theatre Loading Dock is in the middle of the block on the right (West).

On Site Parking

The 4th Street loading dock has parking available for:

[2] Semi Trucks on the loading dock
[2] Tour Busses on the South parking pad*
[2] Tour Busses on the North parking pad**

*alternatively [2] Semi Trucks
**alternatively [2] Semi Trucks, or VIP parking for [6] cars

Shore Power

50amp, 30amp, and 20amp shore power is available on both the North and South parking pads.

Carpentry

Loading Dock

- [2] Truck bays
- Opening size: 10’-0” wide x 10’-0” tall
- Shelters, restraints, and leveler ramps for both bays
- [1] 1-ton Stacking motor located inside the Production Center between bay doors
- Loading docks are on the same level as the stage, with a straight run of 93’-0” to the stage
- Stage access from Production Center to Stage is through [3] blast doors: 13’-10”h x 9’-2”w, 13’-10”h x 11’-6”w, and 13’-10”h x 10’-7”w

Stage Dimensions

- Proscenium opening: 36’-8”
- Proscenium height: 30’-0”
- Stage Floor to Grid: 67’-5”
- Stage depth (from plaster line to upstage wall): 37’-6"
- Stage depth (from lip of apron to upstage wall): 51'-0”
- Apron depth (from lip of apron to plaster line): 13’-8” @ center, 11’-0” @ off stage edge
- Stage width wall to wall: 88’-3”
- Stage Right wing space (proscenium to wall): 24’-6”
- Stage Left wing space (proscenium to wall): 25’-0”
- Stage Left and Right Fly Floor height: 26’-9”
- Stage Right lowest clearance height: 18’-9”
- Stage Left lowest clearance height: 23’-3”

Stage Floor

- Wood floor painted black
- Tours may lag screw into stage with permission

FOH Audio/Lighting Position Dimensions

- Located at the back of the main floor 58’-9” from Lip of Apron, 72’-6” from plaster line
- 21’-5” wide x 6’-7” deep
- ~150’ cable run to either stage left or stage right
- Open to house
- Available Power: [26] 15amp 120v standard outlets

Personnel Lifts and Ladders

- [1] Genie lift with a 29’-6’ max platform height
- [2] Self Propelled JLG lift with a 19’-6’ max platform height
- [3] 8’ A-frame ladders
- [2] 12’ A-frame ladder

- [1] 24’ extension ladder

Platforms and Risers

- [40] 4’ x 8’ Wenger Veralite platforms – available with 8’’, 16’’, 24’’, or 32’’ legs
- 32” High portable stage. Maximum configuration: 30’-0” x 24’-0” stage -or- 32’-0” x 32’-0” 90° triangle. The stage surface is either hard black plastic, or grey industrial carpeting.
- [6] 3-step standing choral risers (with a 4th step option and back rails)

Dance Floor

- 32’-0” x 40’-0” Harlequin Liberty LatchLoc Portable Dance Floor
  [36] 4’x8’ panels [8] 4’x4’ panels

Fly Rail

- The Capitol Theatre has a Double Purchase Fly System
- Fly Rail is located above the stage on the Stage Right Fly Floor
- Battens are a mix of 1½” and 2” pipe with variable batten lengths (See rail plot for specific line set info.)
- [49] Working line sets, [43] Available for Tour use.
- Low trim is 5-0”’ High trim is 66’-0”
- Arbor capacity of 1,500 lbs. (750 lbs. per batten)
- 16,000 lbs. of available weight (14,500 lbs. on Loading Bridge, 1,500 lbs. on Deck)

Stage Curtains

• [5] Boarders	Size: 50’ w x 15’ h	Color: Black	Fullness: Flat
• [5] Sets of Legs	Size: 12’ w x 30’ h	Color: Black	Fullness: Flat
• [1] Mid Stage Traveler	Size: 60’ w x 30’ h	Color: Black	Fullness: 25%
• [2] Blackout Drop	Size: 30’ w x 30’ h	Color: Black	Fullness: 25%
• [2] Full Stage Black	Size: 30’ w x 30’ h	Color: Black	Fullness: 25%
• [1] Cyclorama (Muslin)	Size: 55’ w x 30’ h	Color: White	Fullness: Flat
• [1] Black Scrim	Size: 55’ w x 30’ h	Color: Black	Fullness: Flat
• [1] White Scrim	Size: 55’ w x 30’ h	Color: White	Fullness: Flat

Valance and Grand Drape

- Valance is deep red with golden tassels
- Grand Drape is deep red with golden tassels and has printed decorations on drape
- Grand Drape can either guillotine or travel open/closed

Production Center Ground Plan

Updated: October 1, 2026

Capitol Theatre Stage (Audio Stack Rig Points)

Electrics

Shows Requiring Power Hook-Ups

Washington State requires a permit for temporary power hook-ups. Hook-up, installation, and removal must be performed by a state certified electrician. The Capitol Theatre Technical Director will arrange for the permit and electrician. The associated costs will be passed on to the renter.

Temporary power hook-ups at the Capitol Theatre must be done in accordance with National Electrical Code standards as well as City of Yakima and Washington Administrative Code (WAC) rules and regulations. Please refer to the appropriate authority having jurisdiction if there are questions.

Tour Power

Stage Right:

- [2] 400 amp - 208 volt - 3Ø – 5 wire – AC Camlock connections
- [1] 100 amp - 208 volt - 3Ø – 5 wire – AC Bare Wire connections
- [1] 60 amp - 208 volt - 3Ø – 5 wire – AC Bare Wire connections
- [1] 30 amp - 208 volt - 3Ø – 5 wire – AC Bare Wire connections

Stage Left:

- [1] 200 amp – 208 volt – 3Ø - 5 wire – AC Camlock connections

Loading Dock:

- [1] 400 amp - 208 volt - 3Ø – 5 wire – AC Camlock connections

Spot Booth:

- [1] 30 amp 250v outlet
- [3] 20 amp 125v outlets
- [4] 15 amp 120v standard outlets

Lighting Dimmers

- [192] 2.4Kw – Located above stage on the Stage Left Fly Floor

Control Consoles

- [1] ETC Ion XE 20 with additional EOS 20x Fader Wing
- [1] Strand Palette VL 64

FOH Lighting Positions

Balcony Rail

- The Capitol Theatre **DOES NOT HAVE** a Balcony Rail

Cove

- Throw distance: 73’-0” to center of plaster line
- Physical limitation for fixture mounting ~20 fixture limit

Stage Left and Right Box Booms

- Throw distance: 45’-6” to center of plaster line
- Limited coverage of stage due to extreme angle

Follow Spots

- [3] Lycian SuperStar model 1281 – 1000-watt LED
- Enclosed Spot Booth located at rear of balcony. 11’-0”w x 10’-6”d
- Main access is through audience; additional access via trapdoor and ladder from catwalk
- Throw Distance: 99’-0” to center of plaster line

Lighting Inventory

- [100] ETC Source 4 with 575w lamps. Can use any combination of the following barrels:
  - [18] 10°
  - [10] 14°
  - [29] 19°
  - [12] 26 °
  - [50] 36°
  - [12] 50°
- [16] 26°ETC Source 4 Jr. with 575w lamps
- [42] ETC PAR (Very-Narrow thru Extra-Wide lenses available) with 575w lamps
- [36] ETC ParNel with 575w lamps
- [8] Colortran 3 cell cyc lights with 1,000w lamps

Audio and Video

Sound Pressure Levels

CTC shall not allow the sound pressure levels of either the house sound system or any supplemental equipment to exceed 85dBA for a sustained period of longer than 10 seconds as measured on a CTC supplied sound level meter. Sound levels are measured at center orchestra, center lower balcony, and/or the road mixing position located at the rear center orchestra. ARTIST'S on-stage musical instrument amplifiers and/or on-stage monitor systems **will not exceed 85dBA for a sustained period of longer than 10 seconds** measured at the on-stage mixing console position. ARTIST'S technicians, employees and other personnel shall cooperate fully on this matter.

- [1] d&b Audiotechnik T-10 curvelinear array (8 units)—Center Cluster
- [2] d&b Audiotechnik Q-10 L&R Orch Side Fills
- [4] d&b Audiotechnik E-8 under Balcony Fills
- [2] d&b Audiotechnik E-0 under Balcony Fills
- [5] d&b Audiotechnik E-0 front Apron Fills
- [2] d&b Audiotechnik Q-7 L&R Balcony Side Fills

Subs

- [2] d&b Audiotechnik T Sub (1 Left – 1 Right)

Monitors

- [8] EAW MW12
- [5] Mackie Actives SRM450

Intercom

- [1] Clear-Com Encore MS-702 Main Station
- [11] Clear-Com RS-701 Belt Packs
- [12] Clear-Com CC-300 Headsets
- [1] RadioCom BTR-300 Wireless Main Station
- [4] RadioCom TR-300 Wireless Belt Packs

Microphones

- [3] PG56 (w/ drum mounts)
- [1] PG52 (w/ drum mount)
- [8] Schure SM57
- [18] Schure SM58
- [2] Schure SM59
- [3] SM 81
- [4] Schure KSM 137
- [4] AKG C414 B-ULS
- [7] Crown PCC-160
- [2] Crown PZM-6D

- [5] Crown CM-31Mini hanging choir mic
- [6] Schure SM58 UR2 wireless hand-held
- [10] Schure UR1 wireless belt pack
- [7] Schure SM93 wig mic
- [8] WL185 Lav mic
- [18] Isomax E6 countryman
- [2] Schure SM48
- [2] Schure SM89
- [2] Schure SM99
- [1] Schure EZflex EZG-18
- [2] Earthworks FMR-500
- [1] Toa PM6600 (paging mic)
- [1] Sennheiser E608
- [1] AKG D224E
- [1] Beyer Dynamic M69N
- [2] Beyer Dynamic M201N
- [2] Beyer Dynamic M160N
- [1] Beyer Dynamic M260
- [1] Beyer Dynamic M88N
- [2] Electro Voice RE16

Video Equipment

[1] Projection Screen (4th Street Theatre)

- 10'H x 14'W
- Rear or Front projection
- Screen has free standing legs or can be flown

[1] Projection Screen (Capitol Theatre)

- 10'H x 17'W
- Rear or Front projection
- Screen has free standing legs or can be flown

[2] Projector

- Hitachi CP-EX 5011WN, 5200 lumens, 1080p 1024x768

Wardrobe and Props

Internet

Wi-Fi access is available in all areas of the theatre. Touring personnel will receive the Wi-Fi password upon arrival. Hardline internet is available in limited locations upon request.

Dressing Rooms

Located on stage level

- [1] 2 person Star Suite with attached private Green Room and ensuite shower and toilet
- [3] 3-4 person Principal Dressing Rooms with ensuite shower and toilet
- [2] 12 person Chorus Dressing Room with showers and toilets

Located below stage level (Main stage access is by stairway. ADA path is available, but it's a long route.)

- [2] 1-2 person Dressing Rooms with ensuite shower and toilet
- [2] 1-2 person Dressing Rooms
- [1] 8-10 person Dressing Room

Green Rooms and Restrooms

- [1] Green Room located on stage level (Adjacent to SR stage access)
- [1] "Green Room Area" below stage level in cross under hallway (Adjacent to Pit entry)
- [2] All Gender Restrooms located on stage level (toilet and sink)
- [1] Male crew bathroom below stage level (toilets and shower)
- [1] Female crew bathroom below stage level (toilets and shower)

Laundry

- [2] Maytag Front Loading Washers (model: MAM22PRBWWO)
- [1] Maytag Top Loading Washer (model: MVW6230HW2)
- [2] May Tag Front Loading Dryers (model: MDG17MNAWW1)
- [1] May Tag Front Loading Dryer (model: MED6230HW3)
- [3] Steamers
- [3] Irons & Boards
- [8] Rolling Garment Racks ("Z" Racks)

Orchestra Equipment

- [1] 6' 6'' Steinway "L" grand piano (Gloss Black)
- [1] Baldwin upright piano (Brown)
- [80] Standard music stands
- [15] Tall music stands
- [50] Music stand lights

Chairs and Tables

- [100] Blue upholstered orchestra chairs w/o arms
- [80] Grey upholstered plastic chairs w/o arms

- [350] Padded upholstered folding chairs w/ arms
- [60] Brushed aluminum 36” Round Tables (cocktail or bistro height)
- [10] Brushed aluminum 6’ Rectangular folding tables

Pipe and Drape

- [12] 8’ Vertical Pipes
- [12] 6’ – 10’ Adjustable cross bars
- Black panel curtains

Miscellaneous

- [1] Wodden lectern
- [1] Conductor’s podium
- [1] USA flag w/ gold trim
- [1] Washington State flag
- [10] 1’-0” x 4’-0” Flat Mirrors
- [2] Canvas Wig Heads w/ adjustable table mount stands

Labor

Technical Crew Requirements

Technical Crew are called on a per-show basis depending on the requirements of the event. The minimum standard crew required for any event is listed below:

- [1] Technical Director/Assistant TD/Crew Chief
- [1] Electrician
- [1] Audio
- [2] Carpenters (or [1] Carpenter and [1] Flyman)
- [1] Door

Additional Technical Crew may be required depending on event requirements. All Technical Crew requirements are specified and approved by the Capitol Theatre Technical Director.

Call Times and Overtime

The minimum crew call is [4] hours. For any work calls shorter than [4] hours, renter will be billed for a full [4] hours of labor regardless of actual time worked. Shifts separated by more than 5 hours require a second minimum crew call of [4] hours.

Technical Crew receive time-and-a-half pay for any hours worked over [40] hours in [1] week. A week is considered all consecutive days between Saturday and Friday.

Breaks

The CTC abides by all L & I requirements for worker breaks and meals as required by the State of Washington. At a minimum, CTC crews are required to have a [60] minute walk-away meal beak for every [5] hours worked. Meal breaks cannot be scheduled within 3 hours of the start of the shift, or the end of the previous meal break. In the case that the schedule provided by the LICENSEE does not allow for adequate worker breaks, CTC will add additional workers to the call in order to provide full worker coverage during the rental period at LICENSEE's expense.

Front of House Staff Requirements

Front of House Staff are called on a per-show basis depending on the requirements of the event. The minimum front of house crew is:

- [1] House Manager
- [1] Asst. House Manager
- [11] Ushers

For events in which only the Orchestra seating section is used, the minimum call is reduced to:

- [1] House Manager
- [1] Asst. House Manager
- [7] Ushers

Additional Front of House Staff may be required depending on event requirements. All Front of House Staff requirements are specified and approved by the Capitol Theatre Patron Services Manager.
